NOTE 1: ORGANIZATION AND NATURE OF BUSINESS

Maxim Group LLC ("the Company") is a securities broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). The Company was created on April 11, 2002 and began business on October 23, 2002. The Company clears its securities transactions through a securities clearing broker-dealer. The Company's main office is located in Woodbury, New York, and other offices are maintained in New York City, New York, Chicago, Illinois, and Red Bank, New Jersey. The Company conducts business in all fifty states, Puerto Rico, and Washington, D.C.

The Company is a New York Limited Liability Company owned 94% by Maxim Partners LLC and 6% by MJR Holdings, Inc. The Company has approximately eighty-five non-equity members, as discussed in Note 9. Maxim Partners LLC is owned by MJR Holdings LLC and individual minority interests. The members of MJR Holdings LLC and the Class A members of Maxim Partners LLC make up the executive management of the Company.

On October 22, 2002, Maxim Partners LLC purchased certain assets and intellectual property from an unaffiliated broker-dealer. The Company leased the purchased assets and intellectual property pursuant to operating leases and a license agreement between Maxim Partners LLC and the Company. The license agreement and leases were terminated on April 30, 2003 when Maxim Partners LLC transferred these assets to the Company as a capital contribution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of the major accounting policies is presented to assist the reader in evaluating the financial statements and other data contained herein.

BASIS OF ACCOUNTING

The Company's policy is to prepare its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles.

CASH EQUIVALENTS

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2005

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INCOME TAXES

The Company has elected under the Internal Revenue Code and applicable state laws to be taxed as a partnership. In lieu of Company income taxes, the members of a Limited Liability Company are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal and state income taxes has been included in these financial statements. The Company is obligated to pay New York City Unincorporated Business Tax, on its net income allocable to New York City, and other miscellaneous taxes to various states. Provision for these taxes is included in the statement of income.

PROPERTY AND EQUIPMENT

Property and equipment is recorded at cost. Maintenance and repairs are charged to expenses as incurred; major renewals and betterments are capitalized. When items of property or equipment are sold or retired, the related cost and accumulated depreciation is removed from the accounts and any gain or loss is included in the results of operations.

Property and equipment is depreciated using the straight line method over their estimated useful lives.

INTANGIBLE ASSETS, AMORTIZATION, AND NEW ACCOUNTING STANDARDS SFAS NO. 142

In June 2001, the Financial Accounting Standards Board (FASB) issued SFAS No. 142, "Goodwill and Other Intangible Assets". This new standard became effective January 1, 2002. Under the new rules, goodwill and indefinite lived intangible assets should no longer be amortized and should be reviewed annually for impairment. Intangible assets with definite lives should be amortized over such lives. The Company tests for impairment by comparing the carrying value with the fair value of each reporting unit. An impairment loss is recorded if the carrying value of goodwill and indefinite lived intangible assets exceeds the fair value.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2005

CONTINUED

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Independent Auditors' Report on Internal Control Required by SEC Rule 17a-5

To the Members of Maxim Group LLC Woodbury, NY

In planning and performing our audit of the financial statements of Maxim Group LLC (the Company) for the year ended December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of net capital under rule 17a-3(a)(ii) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
- 3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the SEC's objectives.

This report is intended solely for the information and use of the Members, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
